Title: High school tour (Akifutyu High school)

Lecturer: Principal Takahashi

Contents: The interaction with students in Akifutyu high school commenced with short self-introduction in the small group (2 trainees and 4 students). Both trainees and students were trying to understand and convey each other friendly. Afterward, the students provided trainees with 'Kamishibai show' about aftereffects of nuclear bomb and the children's Peace monument, and they had the proactive discussion about 'What is PEACE'.

The explanation about the unique education and revolution which is being tried in Akifutyu high school were also introduced and the trainees listened with concentration and interests.

Report

Title: School lunch
Lecturer:
Contents: After the morning program at Akifuchu High School, we moved to Akifuchu Elementary School. The trainees watched the school lunch being served by students, and then ate the school lunch. The menu for October 6th was milk, brown sugar bread, white beans simmered in tomatoes, and fruit shiratama. The trainees asked about the costs borne by families and whether school lunches are provided at all schools.

Report

Title: Fukuromachi elementary school Museum

Lecturer:

Contents: The trainees visited the Fukuromachi elementary school museum which remains the buildings damaged extensively by an atomic bomb. Some trainees had cried when they watched at the video about hand-writing letters on blackboard by the victims. While Iida-san attended them, they kept asking questions, had learned keenly the tragic history Hiroshima has.
